

EARN UP TO \$3,000 PER UNIT

And lower your energy use for even more savings!

Save Money on Your Invoice

Skip the paperwork and receive an instant discount directly on your invoice when you purchase qualifying food service equipment from participating dealers.

Save Energy with High-Efficiency Equipment

Cooking appliances can account for almost 35% of the average restaurant's energy costs. Energy-efficient equipment can lower these bills by as much as 75% without sacrificing performance.*

Qualifying Equipment

Equipment must be installed at a nonresidential site receiving service from a participating utility for the corresponding fuel type. For complete details and a list of qualified products, visit focusenergy.com/instantdiscounts.

	Equipment Type	Instant Discount (per unit)	Estimated Lifetime Savings
Natural Gas	Combination Oven	\$2,000	\$10,000

REDUCING ENERGY WASTE ACROSS WISCONSIN

FOCUS ON ENERGY®, Wisconsin utilities' statewide program for energy efficiency and renewable energy, helps eligible residents and businesses save energy and money while protecting the environment. Focus on Energy information, resources, and financial incentives help to implement energy efficiency and renewable energy projects that otherwise would not be completed.
