

REBATE UPDATES

2026 Business Programs

USING THIS GUIDE

- This guide summarizes standard rebate changes between 2025 and 2026 within the Business Rebate Catalogs.
- Changes include new measures, discontinued measures, and rebate updates.
- Please reference the Rebate Catalogs for complete measure details, rebate amounts, and to locate rebates for unchanged measures.

REMINDER FOR 2026

- Retrofit/replacement and New Construction (NC) rebates appear in the same measure table.
- In the catalogs, available New Construction rebates are listed beneath the bolded line, and the rebate code will begin with an “N”.
 - If no rebate code begins with the letter “N”, the measure is not eligible for New Construction rebates.
 - Additional installation requirements (e.g., interior vs. exterior installation) are shown in the leftmost column, where applicable.
- In this guide, NC eligibility is indicated by a value in the tables’ “NC” columns, and the rebate code is listed without the “N”.

EXAMPLE NEW CONSTRUCTION ELIGIBLE REBATES (CATALOG)

INFRARED HEATERS

Requirements:

- Low-intensity and high-intensity heaters are eligible.
- Must have electronic ignition.

Measure Description	Code	Rebate	Unit
Infrared Heater	H2422	\$7.50	MBh
Infrared Heater	N-H2422	\$6.00	MBh

LED DOWNLIGHTS

Requirements:

- Fixture must be listed on ENERGY STAR's Light Fixture QPL.

Application	Measure Description	Code	Rebate	Unit
Interior	LED Downlight Fixtures replacing non-LED fixture	L10028	\$13	Fixture
Exterior	LED Downlight Fixtures replacing non-LED fixture	L10029	\$20	Fixture
Interior New Construction	LED Downlight Fixture instead of non-LED fixture	N-L10028	\$7	Fixture
Exterior New Construction	LED Downlight Fixtures instead of non-LED fixture	N-L10029	\$10	Fixture

“New Construction”
listed in the
“Application” column.

Rebate code begins with “N” and is
below bolded line.

24 Hour Bi-Level Parking Garage Controls	L5064	
Networked Lighting Controls (NLC) better than code requirements	N-L5233	Use Advanced Lighting Controls measure for New Construction NLC projects (N-L10223)
Interior Fixture Elimination	L10289	Use General Wattage Reduction measures (L10287, L10433, L10288, and L10347)
Exterior Fixture Elimination	L10290
