

# GETTING STARTED WITH QUICK SUITE

Utility Customer Participation and  
Performance QuickSight Dashboards

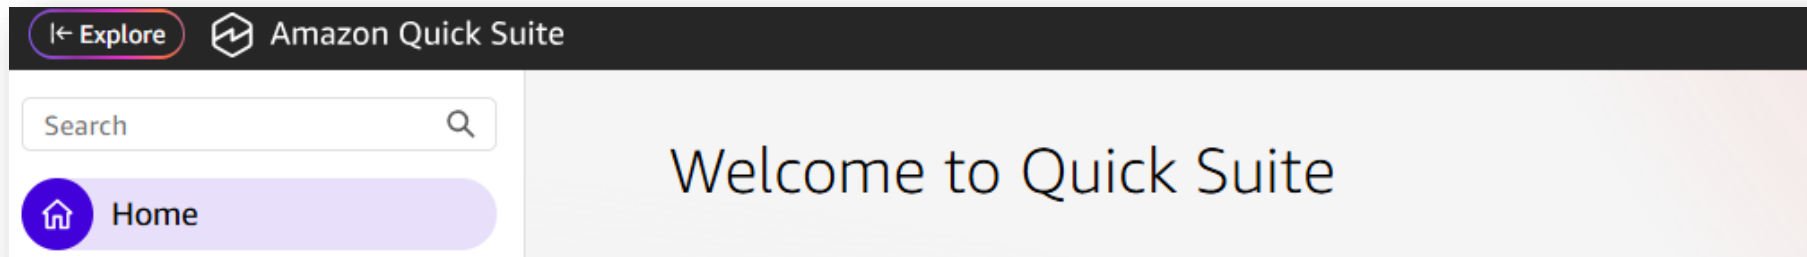

Updated: 1/8/2026

# WHAT ARE QUICK SUITE & QUICKSIGHT?

**Quick Suite** is a set of online tools provided by Amazon Web Services (AWS) for managing and analyzing data. Upon log in, you'll see Quick Suite branding as QuickSight is part of this suite.

**QuickSight** is a dashboard application that shows near real-time information about utility customer participation in the Focus on Energy program. It also lets you search and analyze past participation data.

# WHY SHOULD I USE IT?

Gain **secure** access to **customizable** data related to customers' participation in Focus!

- Customer name
- Address
- equipment/measures
- Focus program
- energy savings (annual and lifecycle)
- incentive amount
- Trade Ally

 **TIP: QuickSight data is perfect for internal reporting and tracking marketing success!**

# STEP 1: REQUEST ACCESS

To request access to your utility's Quick Suite dashboards, please reach out to:

**Jennie Brooks**

*Focus on Energy Utility Relations Manager*

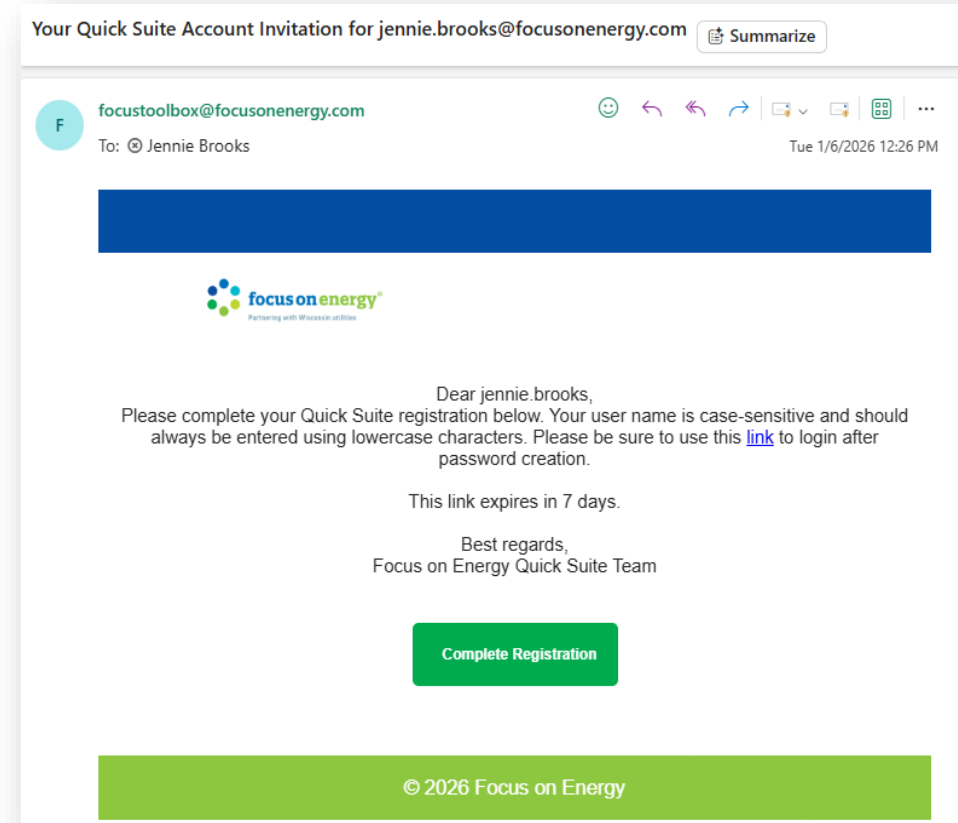

✉ [Jennie.Brooks@focusonenergy.com](mailto:Jennie.Brooks@focusonenergy.com)

☎ 608.716.8383

# STEP 2: COMPLETE REGISTRATION

When Focus on Energy has added you as a user, you will receive an email from [focustoolbox@focusonenergy.com](mailto:focustoolbox@focusonenergy.com) with instructions to complete your registration.

**TIP: Check your SPAM or promotions folders if you do not see the email in your inbox. The link to register is only valid for seven (7) days.**

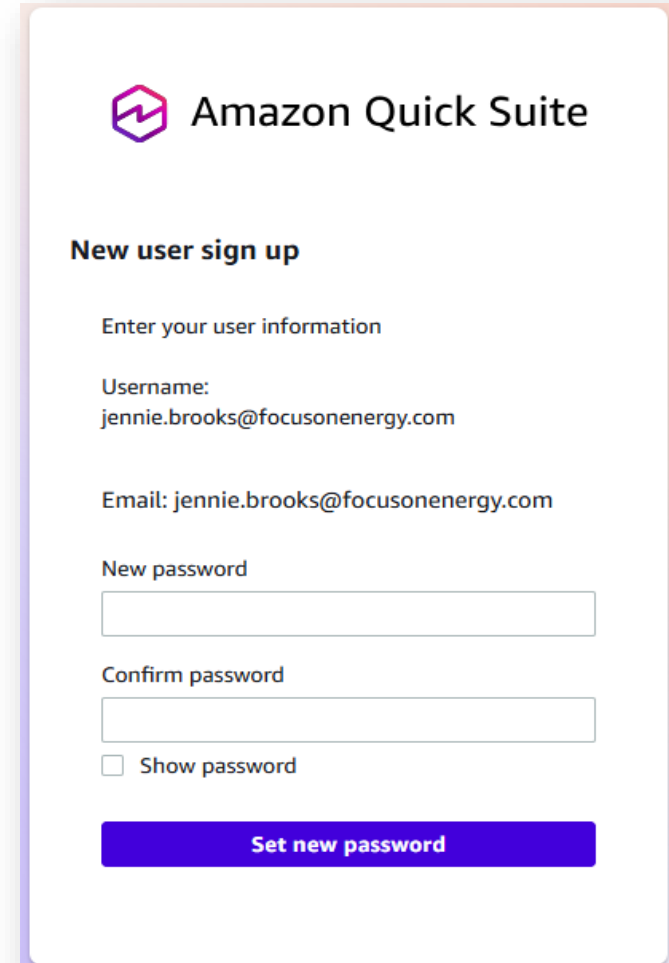

# STEP 3: CREATE PASSWORD

Password must:

- Be between 8-64 characters
- Use upper and lower case letters
- Use a number
- Use a symbol

**Confirm that your browser shows the correct URL. If the URL starts with us-east-1, you must change that portion of the URL to us-west-2.**

The screenshot shows the 'Amazon Quick Suite' interface for a new user sign-up. It includes a header with the Amazon Quick Suite logo and name. Below the header, the section is titled 'New user sign up'. The form prompts the user to 'Enter your user information' and includes fields for 'Username' (pre-filled with 'jennie.brooks@focusonenergy.com'), 'Email' (pre-filled with 'jennie.brooks@focusonenergy.com'), 'New password', and 'Confirm password'. There is a checkbox for 'Show password' and a blue button labeled 'Set new password'.

# STEP 5: SET LOCATION

Once in Quick Suite you will see a tutorial splash screen. You are welcome to click “Show me more” or bypass by clicking the “X” in the upper right-hand corner.

In order to access the QuickSight dashboards you must ensure your location is set to “**US West (Oregon)**”.

 **TIP: QuickSight is the only application you will have access to in Quick Suite.**

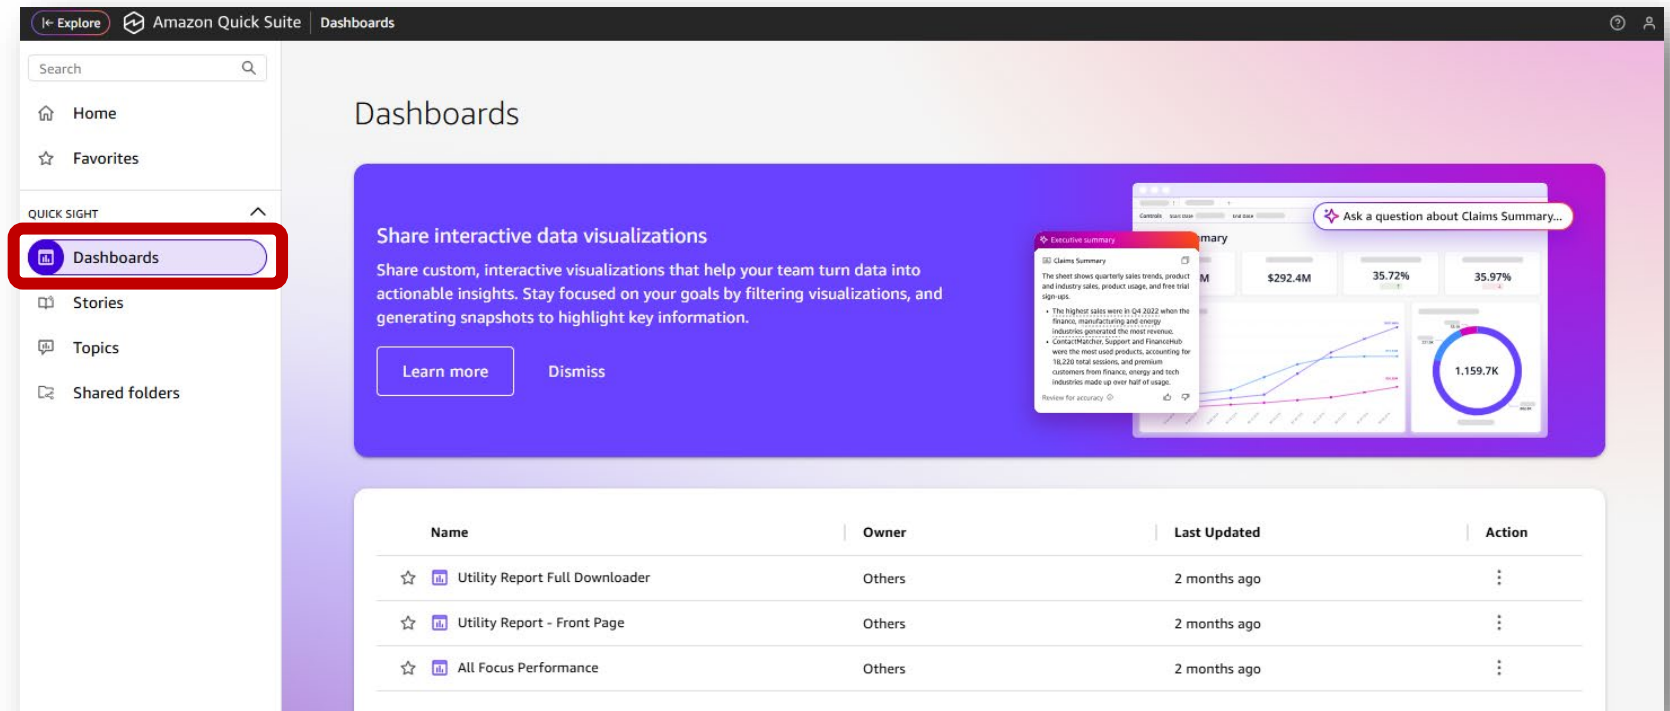

# STEP 6: ACCESS DASHBOARDS

Click “Dashboards” on the left sidebar. You will see three\* options:

- Utility Report Full Downloader
- Utility Report – Front Page
- All Focus Performance

**Claims Summary**

The sheet shows quarterly sales trends, product and industry sales, product usage, and free trial sign-ups.

- The highest sales were in Q4 2022 when the finance, manufacturing and energy industries generated the most revenue.
- Contamatch, Support and Financehub were the most used products, accounting for 16,226 total sessions, and premium customers from finance, energy and tech industries made up over half of usage.

**TIP:** Filters automatically save, even if you leave the dashboard. Click the “Reset to original dashboard” button in the upper left-hand corner to start fresh.

# DASHBOARD: UTILITY REPORT – FRONT PAGE

## The snapshot.

- Cumulative view of your utility's customer participation across programs
- Uses charts and graphs to display data
- Export visuals to PDF using download icon in upper right-hand corner

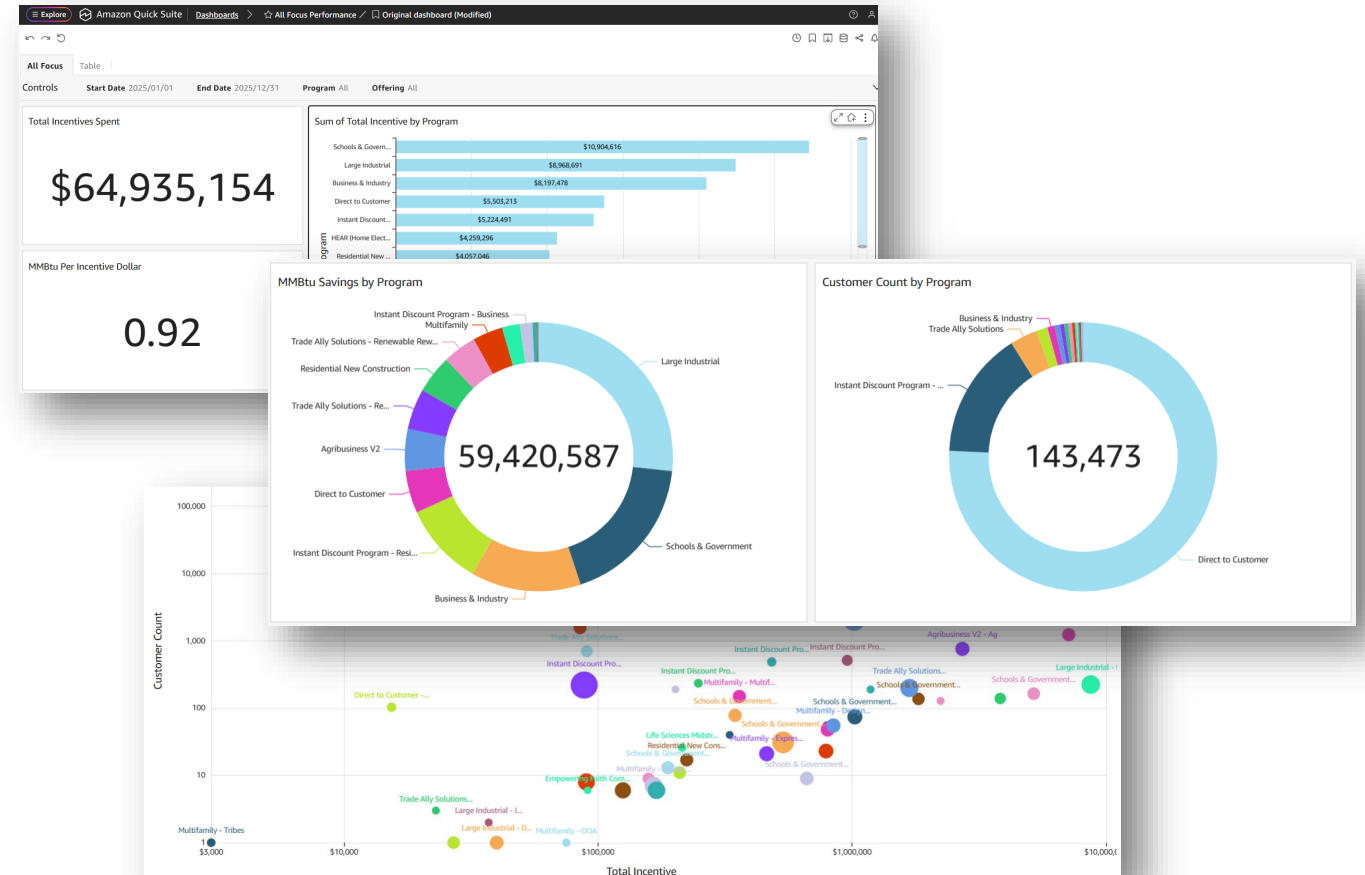

**TIP:** Filters automatically save, even if you leave the dashboard. Click the “Reset to original dashboard” button in the upper left-hand corner to start fresh.

# DASHBOARD: ALL FOCUS PERFORMANCE

## The big picture.

- Cumulative view of **ALL** customer participation across programs
- Compare utility participation vs. overall participation
- Note: Year-over-year data may not be directly comparable due to program changes

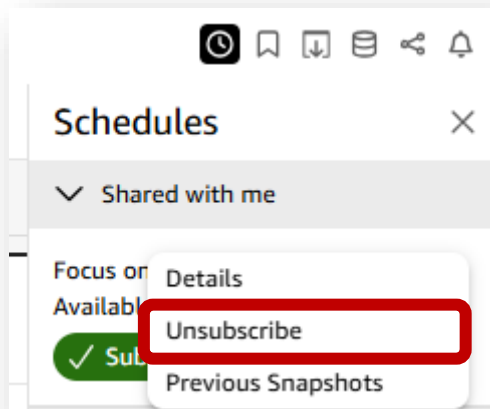

**TIP:** Filters automatically save, even if you leave the dashboard. Click the “Reset to original dashboard” button in the upper left-hand corner to start fresh.

# DASHBOARD FUNCTIONS

**Scheduling:** You will automatically receive an email with a dashboard report on the first day of the month. You can unsubscribe here:

**Bookmark “original dashboard”:** Save custom views created of a dashboard

**Data:** Displays what datasets are being pulled into dashboard

**Alerts:** Set up automatic alerts to monitor your data, includes existing filters

**Export:** Generate a PDF of the dashboard and view previous exports

**Share:** Share a link to a dashboard view with other users who have access to Quick Suite

# DATA FUNCTIONS

**Maximize:** display data across entire screen

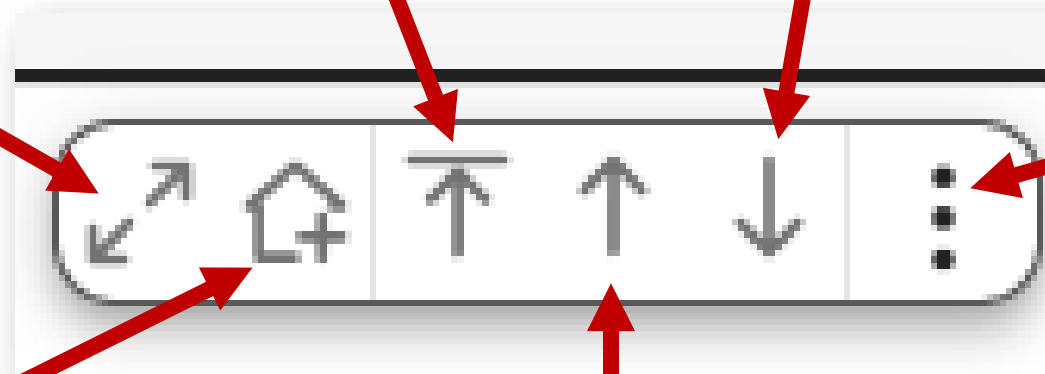

**Drill up to top:** Show highest-level summary view of data

**Drill down from:** Go deeper into detail of data

**Menu options:**

- **View summary data:** shows a summary of the data columns being pulled into data/chart
- **Export to CSV:** Download data to CSV format
- **See contributors:** See what fields are being used in data/chart

**Add visual to home screen:** Create a custom dashboard by combining data and charts from multiple dashboards on home page

**Drill up from:** Show higher-level summary of data

# PROGRAM NAME CHEAT SHEET

QuickSight program name:		You may know it as:
Direct to Customer		Free packs & marketplace
Instant Discount Program		HVAC & water heater rebates (as of July 2024)
Trade Ally Solutions		Insulation, air sealing, and renewables rebates
