

FOCUS ON ENERGY® 2023 TRAINING SCHEDULE

January		
Jan 17:	Best Practices for Lighting Controls	One-hour webinar 9:00-10:00 AM
Jan 25-26:	Industrial Ventilation & Process Heat Recovery	Two-day webinar 8:30 AM-11:30 AM
February		
Feb 2:	Learned Lessons in Commercial and Industrial Settings	One-hour webinar 9:00-10:00 AM
Feb 16:	Smart Data: How to Better Manage Your Facility	One-hour webinar 9:00-10:00 AM
Feb 21-May 24	Building Operator Certification (BOC), Level I <i>Feb 21-22: Energy Efficient Operation of Bldg HVAC Systems, pt. 1</i> <i>Feb 28-Mar 1: Energy Efficient Operation of Bldg HVAC Systems, pt. 2</i> <i>Mar 14-15: Measuring and Benchmarking Energy Performance</i> <i>Mar 28-29: Efficient Lighting Fundamentals</i> <i>Apr 11-12: HVAC Control Fundamentals</i> <i>Apr 25-26: Indoor Environmental Quality</i> <i>May 9-10: Low-Cost Operational Improvement</i> <i>May 23-24: Facility Electrical Systems</i>	Multi-session webinar 8:00-11:00 AM
Feb 23:	Energy Management & Technology: Fundamentals & Beyond	Six-hour webinar 8:30 AM-2:30 PM
March		
Mar 2:	Hidden in Plain Site: Building Envelope Performance	One-hour webinar 9:00-10:00 AM
Mar 2-3:	Operations and Maintenance Practices for Energy Efficiency	Two-day webinar 9:00-11:00 AM
Mar 7:	Introduction to Retrocommissioning	One-hour webinar 9:00-10:00 AM
Mar 8:	Power Quality Considerations for Energy Efficiency Retrofits and Renewable Energy Systems (Green Bay)	Four-hour class 8:30 AM – 12:30 PM
Mar 14:	Better Performance with Building Automation Systems	One-hour webinar 9:00-10:00 AM
Mar 22:	Power Quality Considerations for Energy Efficiency Retrofits and Renewable Energy Systems (Eau Claire)	Four-hour class 8:30 AM – 12:30 PM
Mar 28:	Energy Management Opportunities for Industrial Customers	One-hour webinar 9:00-10:00 AM
April		
Apr 13:	Managing Customer Expectations in a Changing Business Environment	One-hour webinar 9:00-10:00 AM
Apr 18:	Power Quality Considerations for Energy Efficiency Retrofits and Renewable Energy Systems (Pewaukee)	Four-hour class 8:30 AM – 12:30 PM
Apr 19:	Power Quality Considerations for Energy Efficiency Retrofits and Renewable Energy Systems (Madison)	Four-hour class 8:30 AM – 12:30 PM
Apr 27:	Water / Wastewater Energy Savings	One-hour webinar 9:00-10:00 AM
May		
May 2-Aug 9	Building Operator Certification (BOC), Level I <i>May 2-3: Energy Efficient Operation of Bldg HVAC Systems, pt. 1</i> <i>May 9-10: Energy Efficient Operation of Bldg HVAC Systems, pt. 2</i> <i>May 23-24: Measuring and Benchmarking Energy Performance</i> <i>Jun 6-7: Efficient Lighting Fundamentals</i> <i>Jun 20-21: HVAC Control Fundamentals</i> <i>Jul 11-12: Indoor Environmental Quality</i>	Multi-session webinar 1:00-4:00 PM

	<i>Jul 25-26: Low-Cost Operational Improvement</i> <i>Aug 8-9: Operations & Maintenance Practices for Sustainable Buildings</i>	
May 9:	Converting Energy Audits into a Business Plan	One-hour webinar 9:00-10:00 AM
May 9:	Commercial PACE	One-hour webinar 11:00 AM - 12:00 PM
May 23:	Get More Boiler for Your Buck with Controls	One-hour webinar 9:00-10:00 AM
June		
June 15 & 21:	Selling Energy Mini Boot Camp (part one & two)	Two-part webinar 9:00 AM-12:00 PM
June 20:	Fundamentals of Compressed Air	One-day class 8:00 AM-4:30 PM
July		
Additional training available on LMS		
August		
Aug 16–17:	Introduction to Motors, Fans and Pumps with Variable Frequency Drive Opportunities	Two-day webinar 8:30-11:30 AM
Dates not yet published:	Building Operator Certification (BOC) Level I (Series dates to be announced in Q1)	Multi-session webinar 3 Hour Blocks
September		
Sept 12-13:	HVAC Applications for Commercial, Small Industrial, Schools & Gov't	Two-hour webinar 9:00-11:00 AM
Sept. 19:	Compressed Air: Identifying, Analyzing & Implementing Energy Reduction Opportunities	3 ½ hour webinar 8:30 AM–12:00 PM
Sept 20:	Optimizing BAS Control Strategies to Maximize Commercial Building Energy Savings	One-day class 8:30 AM-3:30 PM
Sept 26:	Rethinking Energy Efficiency in Healthcare Settings	One-hour webinar 9:00-10:00 AM
Q3	Webinar Session – DSPS Credit (2 sessions Power Quality)	
October		
Oct 4:	Energy Management & Technology: Fundamentals & Beyond	Six-hour webinar 8:30 AM-12:30 PM
Oct 12:	The Smart Grid: Advantages and Opportunities	One-hour webinar 9:00-10:00 AM
Oct 26:	Better Together: Energy Efficiency and Public Assembly Buildings	One-hour webinar 9:00-10:00 AM
November		
Nov 8:	Refrigeration Energy Efficiency	One-hour webinar 9:00-10:00 AM
Nov 30:	Money Talks: Energy-Efficiency Investment Analysis	One-hour webinar 9:00-10:00 AM
December
