If you have questions, please contact us at [homerewards@focusonenergy.com](mailto:homerewards@focusonenergy.com) or **800.762.7077**. These guidelines are effective January 1, 2024.

- Be a customer of a participating utility company. Confirm your utility participates at [focusonenergy.com/utilities](https://focusonenergy.com/utilities).
- Live in an existing home (new construction is not eligible).
- Mobile homes are NOT eligible for insulation or air sealing. Mobile homes may be eligible for rebates for replacing eligible HVAC equipment.
- At least 51% of your home must be heated with a participating natural gas or electricity utility provider (propane/LP, oil, and wood are NOT eligible for insulation, air sealing, or HVAC equipment).

## Streamlined Eligibility

For the following programs, no income eligibility application is required. Must submit proof of enrollment or participation in one of the following programs along with your rebate application.

- Food Distribution Program on Indian Reservations (FDPIR)
- Housing Improvement Program (HIP)
- Housing Opportunities for Persons with AIDS
- Lifeline Support for Affordable Communications (Lifeline)
- Medicaid

## Annual Income

Annual income is calculated based on your Federal Tax Form 1040, lines 1-8, to calculate the sum of all gross income received during the most recent tax year.

### Accepted Income Support Documents:

Federal Tax Form 1040, pages 1 and 2 only. Black out all versions of Social Security numbers on forms prior to uploading. The Wisconsin Tax Form is not accepted for this option.

## Monthly Income

Monthly gross income is the total amount earned before any deductions are taken out, such as taxes and insurance.

## Requirements

Read Focus on Energy's Terms and Conditions and Eligibility Declaration Statements at [focusonenergy.com/terms](https://focusonenergy.com/terms). Contact us at **800.762.7077** if you have any questions.

By submitting the income eligibility application, the applicant(s) hereby certifies that they have read, agree to, and have met all terms and conditions and Focus on Energy qualifications as outlined in the application and guidelines.

- Focus on Energy is not responsible for items (e.g., income eligibility applications, supporting documentation, rebate checks) lost or damaged in the mail.
- The applicant may be required to provide proof of any information on this application. Giving false information will invalidate this application, require the return of any rebates received, and could possibly subject the applicant to criminal prosecution.
- Applicants submitting applications who have not received approval for income-qualified rebates assume all risk, as they may not be approved for income-qualified rebates and are therefore ineligible for Focus on Energy rebates listed on the application.
- Income eligibility approval does not guarantee payment of a rebate. Applicants must meet all requirements to be eligible for Focus on Energy rebates.
- All installations are subject to verification inspection by Focus on Energy to ensure the measures were installed properly. Residents must allow, if requested, a Focus on Energy representative reasonable access to the home to verify installed measures.
- The applicant can receive one rebate for each piece of qualifying heating equipment installed. Similarly, rebates can only be paid to one person or entity (i.e., either the resident, homeowner, or Trade Ally contractor, not multiple parties).
- The applicant further certifies that all of the information contained in the income eligibility application and supporting documentation is complete, true, and correct, and all household income has been fully disclosed.
